

HORIZONTAL PUMPING SYSTEM (HPS)

Low maintenance.
High performance.

BUILT FOR HIGH-PRESSURE, HIGH-FLOW FLUID MOVEMENT AND
MAXIMUM PERFORMANCE ACROSS MULTIPLE DISPOSAL AND
INJECTING APPLICATIONS. DISCOVER THE RELIABILITY AND
PERFORMANCE IN OUR PUMPS.

LOW MAINTENANCE, HIGH PERFORMANCE HORIZONTAL PUMPING SYSTEMS (HPS)

MAXIMIZE ROI WITH SLYDER.

MADE IN AMERICA

SLYDER HPS

Horizontal Pumping System

The Slider Horizontal Pumping System is a low maintenance, high performing pump solution for high-pressure, high-flow fluid movement and maximum performance across multiple disposal and injecting applications. Our HPS manufacturing facilities (<https://goo.gl/maps/KCMF7wRmA1SM17Do9>) are all based in the United States and all use domestically-sourced materials resulting in expedited production. Short lead times mean you'll have your surface pumping system in weeks after placing your order instead of months.

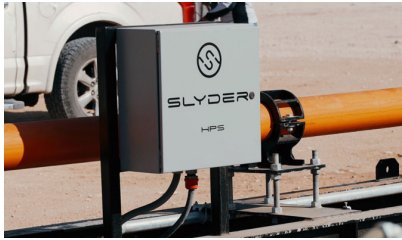

HPS PUMP

- Flows to 100,000 BPD and pressures up to 6,450 PSI
- Our HPS pumps are all built and tested 100% in house at our US-based facilities in Texas and Oklahoma
- All standard sizes 400, 513, 538, 675, 862, 950, 1050, 1250 available
- Custom built length for retrofit applications
- All stage coatings offered
- All bearing metallurgies offered

HPS SENSOR PANEL

- Pre-wired and terminated to save customer on installation costs
- All sensors and switches wired to the terminal panel and labeled
- NEMA 3R, 4, and 4X options available
- Vibration, suction, discharge, oil temp, and oil level transducers are standard in our Instrumentation Package
- Optional Fused Terminals for added safety

HPS THRUST CHAMBER

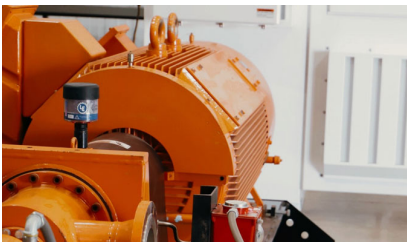

- Multiple bearing configurations to handle all loads of pumps
- Back Pull-Out design combined with skid design offer 1-man seal changes, Multiple sealing options, Seal Pots available
- Cooler Package optional. No need for added rotating equipment when not required
- All API Flush plans available

HPS SKID

- Dual and Single I-Beam designs
- Lowest vibrations in the industry
- Field adaptable for upsizing pumps
- Lifetime Warranty – Best in the industry
- All metal items on skid powder coated for longevity
- Adjustment bolts allow for complete skid leveling on uneven surfaces

HPS MOTOR

- 40HP to 800HP 460V motors in stock
- Permanent magnetic motors available
- 5 Year Warranty, leading the industry
- Cold and hot alignments standard on all packages
- Up to 2500HP packages available
